

OMC Committee Meeting 14th February 2019 **Archivist's Report**

There have been several significant additions to the archive since the beginning of the year.

Derek Chandler

Although OM Chandler had handed over a number of papers when I took over as Archivist, there were several items that Derek had retained, including some early Athletics Programmes (at Herne Hill), Bound minutes and attendance records for the Honor Deo Chapter, early OM Annual Dinner Menus and some of the earliest School magazines.

Also some medals for sports and for academic achievement, some dating back to 1820 and a fine silver salver presented to OM Searles in 1931 for his services to the OMC.

There is also a remarkable wooden copy of the President's Jewel carved by a German POW at Rouen in 1918, for OM V.C.Veedon.

David Trigg

Kerry Trigg has passed over several papers, some photographs and a meticulously kept notebook from David's year in office as President.

H.V.C. Stephens
OMC Archivist
