

The Old Collyerians' Association

My first official engagement as your President was to attend, with Cristina my wife, the Old Collyerians' Association Annual Dinner on 23 November 2019. During the evening I was able to explain that this would be the last full year of the existence of the Old Mercers' Club, as such, and that our final social event would be our Annual Luncheon in Mercers' Hall on 22 September 2020.

Since then I have had an Email from David Picknell, Secretary of the Old Collyerians Association. In that he recalls the long association there has been between the Old Collyerians and the Old Mercers and he wonders whether there are any Old Mercers who would wish to continue an association on a personal level and be informed of, and participate in, any Old Collyerians' functions.

We have not discussed in any detail how such an arrangement might work, but if there are any Old Mercers who would be interested, I should be happy to let David Picknell know, and we could then take up the matter from there.

Howard Worth

President
